### Purpose

Recent changes to the Municipal Government Act have mandated that municipalities sharing a common boundary must develop an Intermunicipal Development Plan in order to foster a collaborative planning approach for these lands. These plans must be in place by April 1, 2020.

Intermunicipal Development Plans must promote consultation and cooperation between the participating municipalities regarding planning matters of joint interest within a defined planning area. They also provide a framework for processing development proposals, subdivision applications or concerns within this defined area.

The Village of Linden and Kneehill County have created a draft document which incorporates the requirements of the legislation.
