Policy Title Compensation for Crop and Land Damage	Date: February 14, 2017	Resolution No. 52/17

Purpose:

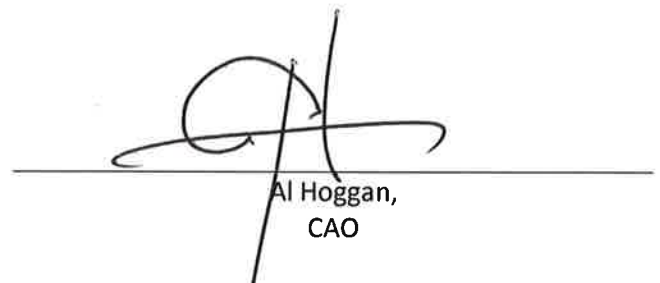

To establish guidelines for the process and costs associated with damages to crops and land due to waterline construction, repairs and general maintenance.

Policy Guidelines/Procedures:

1. Kneehill County will advise landowner of its intentions for waterline work to be done within the right of way.
2. After Kneehill County completes the required work, the area(s) affected by the work will be measured by GPS and the landowner will be compensated. With a one-time payment at the rate of \$600.00/acre (minimum (\$200.00)), and will be paid on any seeded crop land such as, wheat, barley, canola, seeded hay land and native pasture.
3. Kneehill County will not pay a fee to enter the land. Kneehill County will only compensate for the area(s) damaged.
